ROCKEFELLER INDICTED AS VIOLATER OF LAW

Standard Oil Head Must Face Ohio Jury.

ATTEMPT AT BRIBERY CHARGED

One Man Swears He Was Twice Offered Large Sum To Hang Jury in Recent Oil Cases—Three Other Oil Men Indicted with Rockefeller.

Findlay, O., Nov. 16.—The grand jury has found indictments against John D. Rockefeller and four other persons in connection with the Standard Oil inquiry which was reopened upon the reconvening of that body in adjourned session. What the indictments allege or who the four other defendants are in addition to Mr. Rockefeller, was not given out by the prosecutor, Mr. David, who, however, admitted the indictments had been returned.

The bench warrants issued upon the indictments were placed in the hands of Sheriff Groves, who took them and went to Cleveland, where it is supposed they are to be served.

The report of the grand jury were to made public on Thursday or Friday, and the indictments returned are at present in possession of the courts of this county. It is understood the indictments charge the defendants with having continued to contract the oil productions and to fix prices on and after July 7, 1896, in violation of the Valentine anti-trust act, a state law under which the recent prosecution of the Standard Oil company in this county conducted, and in which a fine of $5,000 was imposed by the probate court.

Prosecutor David stated Wednesday night that no attempt would be made at this time to compel J. D. Rockefeller to come here, as his appearance had already been entered by his attorney in the matter of the information now pending in the probate court.

Mr. David gave as a reason for not making the indictments public the fact that none of the parties named in them had been served with warrants of arrest. He declared that several persons subpenaed as witnesses in the recent Standard Oil trial here left the state and thus avoided testifying.

According to C. O. Myers, a member of the jury that convicted the Standard Oil company of violating the anti-trust law, a bribe of $500 was twice offered him during the trial on condition that he hang the jury and force a disagrement.

Myers says he doesn't know the man who tendered him the money, but thought it was the same man in both instances.

Rumors of attempts to bribe or otherwise influence jurymen had been frequent during the trial and afterward. This gave rise to the inquiry. After leaving the jury room Myers admitted that he had described attempts to bribe him.

New York, Nov. 16.—Concerning the indictment of John D. Rockefeller and other representatives of the Standard Oil company, at Findlay, O., M. F. Elliott, the general solicitor of the company, said:

"I can make no statement until I see copies of the indictments. The company will then make proper response. Mr. Rockefeller is hardly likely to appear in person, but all the requirements of the law will be met."

National Baptist Congress.

St. Louis, Nov. 16.—The closing session of the twenty-third annual convention of the National Baptist congress was held Thursday. The meeting next year will be held in Baltimore. The executive committee will probably meetin in New York city next week and elect the officers for the ensuing year.

Schooner In Trouble.

New York, Nov. 16.—A two-masted schooner is in trouble three miles off Long Branch, N. J., and is in danger of going ashore. Her foremast has been blown away and her flag is flying union down.

MAY CHANGE HANGING DATES.

Governor Has Taken Matter Under Consideration in Rawlings Case.

Atlanta, Nov. 16.—Governor Terrell Wednesday received a letter from some Methodist ministers calling his attention to the fact that the south Georgia conference will adjourn the night of Dec. 3. On this account he is asked to make a change in the dates for the execution of old man Rawlings and the negro Alf Moore, both of whom are now under sentence to be hanged during the session of the conference. Moore is to be hanged on Nov. 30, and old man Rawlings on Dec. 3.

The ministers do not exactly like the idea of a double execution right in their midst during the session of conference and are very anxious that something shall be done about changing the dates. Governor Terrell has taken the matter under consideration, but has reached no decision as to what action he will take.

If he decides to comply with the request of the ministers he will, no doubt, respite the two men until the 4th or 5th of December, which will put the eexcutions after the adjournment of the conference, and yet before the date set for the execution of Milton and Jsse Rawlings, the two boys, which is Dec. 7. This would give the prison commission time to act in the cases of the boys between the executions of the negro and old man Rawlings, and the date fixed for the boys to pay the same penalty.

Important Educational Conference.

Charlottesville, Va., Nov. 16.—An important educational conference has been called by President Alderman to meet at the University of Virginia on Nov. 22 to 24. Those invited to participate are the presidents of seven state universities, the presidents of all Viriginia colleges, the state superintendents of education in the states of North Carolina, South Carolina, South Carolina, Tennessee, Georgia, Alabama and Virginia, and the professors of secondary education in the same states and certain experts in agricultural education. The conference will be the first attempt on the part of those engaged in higher education to reach the secondary schools and aid in relating them properly to the schools below and the schools above.

Scores Arrested at Pittsburg.

Pittsburg, Nov. 16.—With detectives of cities from neighboring states who are here in the hope of finding crooks of international reputation, there has been no apparent cessation in the crimes that have stirred Pittsburg within the last two weeks. During Wednesday night and early Thursday morning, scores of people were arrested in the streets as suspicious characters. The dispatch to theAssociated Press last night from surrounding towns, portray a reign of lawlessness never before equalled in these parts.

Railroad Pass Will Vanish.

Chicago, Nov. 16.—Sentiments expressed at the meeting of the Western Passenger Commission, indicate that the railroad pass will vanish entirely from the west on Jan. 1. The new law prohibits its issuance for inter-state travel after that date to anybody except railroad officials and the western roads manifest a strong disposition to discontinue issuing passes for state business. The committee will meet again on Nov. 22, when the question will be settled.

191 Suicides in Three Months.

New York, Nov. 16.—One hundred and ninety-one persons committed suicide in New York city during the thre months previous to July 1 last, says the report of Health Commissioner Darlington, sent to Mayor McClellan yesterday. Sixty-seven persons were killed by electric cars during the quarter, forty-one of the total number being in Brooklyn. Tthe total number of deaths by water and negligence during the three months was 965.

Lord Curzon Arrives.

New York, Nov. 16.—Lord Curzon the late viceroy of India, arrived on Thursday on the White Star liner, the Baltic. He is accompanied by his mother-in-law, Mrs. Leiter, of Chicago.

PEONACE CASES ARE BEING PUSHED

Defendants are on Trial Before Judge Swayne.

JURY WAS FINALLY SELECTED

All Objections by the Defense Were Overruled and Cases Forced to Trial and the Taking of Evidence Was Immediately Begun.

Pensacola, Fla., Nov. 16.—After hours spent in arguments, listening to objections to jurors and exceptions to the court's ruling, a jury was finally selected in the United States court to hear the first of the peonage cases that are before the court.

When curt was opened Judge Swayne announced his decision in the demurrers of the day previous to five of the indictments against Manager W. S. Harlan, and eleven employees of the Jackson Lumber company, of Lockhart, Ala.

He overruled the objections in each case, and the indictments, some of which charge peonage, and others conspiracy to commit peonage, were held legal and proper.

The principal objection of counsel for the defense was that certain portions of these indictments charged beating and ill-treatment of foreigners, which they contended should be stricken out as having a tendency to the minds of the jurors. The court ruled on this objection that if the government could prove these allegations that they would be a very essential portion of its case.

The first case was then called. It was that of W. S. Harlan, manager of the Jackson Lumber company plant; S. E. Huggins, W. S. Howell and C. C. Hilton, three employees of the company, who are charged with conspiracy to commit peonage.

The empaneling of a jury to hear the first case was then ordered, and twelve jurymen called. The defense entered an objection to any of the jurymen serving for the reason that they had been called before the case had been announced given a short time in which to examine "ready for trial." The objection was overruled, and the defense then renewed objection to any of the jury serving on the ground that the names had been irregularly drawn from the box. This objection was also overruled. The selection of a jury was then commenced, consuming all of the afternoon, and it was just before adjournment that the jury was accepted by both prosecution and defense, and held in charge of bailiffs during the night.

The hearing of evidence commenced Thursday morning, and it is believed that fully three days will be consumed on his case alone. The defense is represented by an imposing array of counsel, while the government is represented by District Attorney Sheppard, Assistant District Attorney Reese and Assistant District Attorney General Charles W. Russell, of Washington.

Voting Strength of Territories.

Muskogee, I. T., Nov. 16.—The first accurate estimate of the voting strength of the two territories is just disclosed by late returns from the recent election in Oklahoma and Indian Territory for delegates to the constitutional convention, which is to frame a constitution for the new state of Oklahoma. The estimate places the vote of Indian Territory at 101,000 against 94,690 for Oklahoma. The census of 1900 gave Indian Territory a population of 392,000 and Oklahoma 396,000.

Express Men Get Wage Increase.

New York, Nov. 16.—The wages of the employes of the American Express company, who receive less than $200 a month, a re-increased 10 per cent beginning Thursday. The increase was authorized by a vote of the board of directors. The increase it is said affects 8,000 to 12,000 men throughout the country—the bulk of the rank and file of the employes outside of what are called officials. It will cost the company about $600,000 to $700,000 to pay the increased wages.

KINSMAN FACES A LIKE CHARGE

Son-In-Law of Negro Glenn Arrested For Attempted Assault.

Atlanta, Nov. 16.—Peter Gilbert, a yaung negro, the son-in-law of Joe Glenn, now in the Tower on a charge of having criminally assaulted Mrs. J. N. Camp on Tuesday morning, was arrested by County Officer Buntyn, charged with being the negro who attempted to criminally assault Mrs. Hudgins, in the same vicinity in which Mrs. Camp lives, the early part of the week.

Officer Buntyn says that Gilbert, who was captured at the same house at which his father-in-law, Glenn, was arrested on the previous evening, corresponds exactly to the description given by Mrs. Hudgins of her assailant. Recently, a number of other assaults have been attempted in that section, and the county officers feel confident that in Gilbert they have the guilty negro.

Mrs. Hudgins will be brought to the tower to see if she can identify the negro, as the one who attempted to assault her.

No New Trial for Assailant.

Atlanta, Nov. 16.—The supreme court Wednesday affirmed the decision of Gwinnett superior court in the case of R. L. Vanderford, who was convicted of criminal assault upon Pearl Hilton, a 15-year-old girl, and upon recommendation to mercy, was sentenced to serve 20 years in the penitentiary. The principal ground upon which Vanderford sought a new trial was that his demand for change of venue on the ground that he could not get a fair trial in Gwinnett county, was refused by the trial court. The supreme court held that this was a matter within the discretion of the trial court, and did not constitute error to warrant a new trial. Vanderford is a married man with a wife and three children. All parties are white.

Dying Boy Gets Pardon.

The prison commission Wednesday commuted to present service the two-year term of Andrew Davis, a 17-year-old boy, who was sentenced in Fulton superior court a few months ago to a two-year term in the state penitentiary for larceny after trust. The boy's health is bad, having shown a steady decline since his incarceration; in fact, he is said to be dying of Bright's disease. This fact coupled with a loving mother's strong plea to the commission, resulted in a recommendation to clemency, which Governor Terrell approved. Young Davis will secure his release from the penitentiary immediately.

Negro Stole Bale of Cotton.

Covington, Ga., Nov. 16.—Jim Usher, a negro from Rockdale county, was arrested here with a bale of cotton in his possession that belonged to H. A. Parker, of the same county. The cotton was stolen from the Maddox-Parker ginnery by Usher, and brought to Covington and sold to a cotton buyer. As the negro was preparing to deliver the bale and receive the price promised him, he was arrested, a warrant having been issued by the owner. He was placed in jail.

To Support MacDowell.

New York, Nov. 11.—An appeal for contributions for a fund to be devoted to the support of Edward MacDowell, the American composer, now mentally incapacitated from continuing his work, was issued today. It is signed among other, by Governor Cleveland, Andrew Carnegie, George B. Cortelyou, J. Pierpont Morgan and Bishop Potter.

Cutlery Company Loses Heavily.

Chicago, Nov. 16.—The plan of the American Cutlery company in Mather street, was destroyed by fire which for a time threatened to spread through the tenement district in the vicinity. The loss to buildings and contents is estimated by an official of the company as being $180,000.

Cases Were Dismissed.

Columbus, O., Nov. 16.—The indictment against the alleged ice trust of Columbus, which came up for decision Wednesday morning, before Judge Ehlinger, were held defective and the motion of the defense to quash sustained. The cases were dismissed.

Dr. J. H. Post left yesterday for Ocala, where he will be the guest of his friend, Col. V. J. Shipman. From Ocala Dr. Post expects to proceed to Tampa, where he will take in the sights of the State Fair.

Prof. A. J. Johnson writes The Sun to change his address from Island Grove to Donnie, where he has charge of the school. Prof. Johnson writes that the school at Donnie is flourishing, but that after school hours he takes a great interest in absorbing the contents of Alachua's luminary.

J. R. Smith of Trenton was trading in the city yesterday. Mr. Smith owns and operates one of the most successful farms in the West End. He reports that the only damage done in the recent cold snap in his section was to the seed cane, which had been bedded, and which he believed to be considerably injured.

The interior of the store of John Chesnut has been greatly improved in appearance by a liberal application of paint and varnish. Mr. Chesnut declares that he will yet have the best looking and most modern grocery in Gainesville, and judging from the manner in which he is going at it, he will fulfill his promise.

M. C. Sale, who has been employed as a prescription clerk by J. S. Bodiford & Co. for the past few months, has resigned his position, and will leave this morning for Albany, Ga., where he will enter the employ of a large drug firm. Mr. Sale has made many friends here, and has gained considerable popularity among the young society set, all of whom will regret to see him leave.

Miss Sara E. Harris, the accomplished daughter of Hon. and Mrs. Frank Harris of Ocala, has returned to her home after visiting the reunion of the United Confederate Veterans, of which she was maid of honor. MISSIONARY MEETING.

All Societies of the City Met at Presbyterian Church Friday.

There was an interesting meeting at the Presbyterian church Friday afternoon, the occasion being a union meeting of the various missionary societies of the city in commemoration of the centennial of mission work in America. It was known as the Haystack prayer-meeting.

A most interesting program was rendered, and the large congregation fully enjoyed the exercises, which were as follows:

Hymn—"Onward, Christian Soldiers."

Scripture Lesson—Matt. 14:13-28.

Prayer.

Hymn—"Ye Christian Heralds, Go Proclaim."

Reading—"Why I Believe in Foreign Missions." Mrs. S. B. Rogers.

WILL HAVE BIG TIME.

Jacksonville Woodmen Will Entertain Big Delegation Monday Night.

Alachua Camp No. 5, Woodmen of the World, is in receipt of an invitation from Palmetto Camp No. 3, Jacksonville, to attend a reception to be given by Palmetto Camp in honor of Sovereign Commander Root, founder of the order, Sovereign Advisor Col. T. E. Patterson, and Sovereign Manager Col. B. Wood Jewell, which will be held at the Windsor auditorium on the evening of Monday, November 19, at 8 o'clock.

The committee on arrangements consists of W. W. Anderson, F. H. Hanne and Roland Woodward, three prominent members of Palmetto Camp, which is an assurance that everything will be carried out properly.

The musical numbers of the program have been left with Prof. E. G. Abel's orchestra, which is an assurance that everything in this line will be carried out to perfection.

A number of Woodmen from Alachua Camp have expressed a determination to be present, and the prospects are that Gainesville will be represented at this function.

Meeting of Elks.

There was an interesting meeting of Gainesville Lodge No. 993, B. P. O. E., Thursday evening, which was well attended. It had been announced that three candidates would be "trotted" over the hot sands of Elkdom, and that was sufficient information to bring the Elks out in good force. There was plenty of fun, and at the conclusion the three fawns had no regrets to make that they had passed through the narrow paths and been duly installed as Elks.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. THE CIRCUIT COURT.

Grand Jury Discharged—Civil Cases Will be Taken Up Today.

The circuit court was called to order at 8:30 o'clock yesterday morning, His Honor Judge Palmer presiding. The morning was spent in disposing of civil cases by continuance, compromise and otherwise, after which the court adjourned until 8:30 Saturday morning.

The grand jury was discharged, after having brought in true bills in about forty cases. Among these were seven cases for murder.

The grand jury, through State Attorney Long, has done the most effective work recorded in Alachua county in many years, and the State Attorney deserves a great deal of credit for his work.

The court will take up the criminal docket on Monday morning.

State Fair at Tampa.

On account of the Florida State Mid-Winter Fair at Tampa, Nov. 14th to 29th, the Atlantic Coast Line Railway will sell tickets for one fare plus 75 cents (including admission coupon) for the round trip. These tickets will be on sale from points north and west of Archer, Gainesville, Rochelle, Hawthorn and Palatka, including these points, Nov. 13, 15, 17, 20, 22, 24, 27 and 29th. From points south of the above points and not including them Nov. 14th and daily thereafter except Saturday and Sunday up to and including all trains scheduled to arrive in Tampa before noon of Nov. 29th. Final limit leaving Tampa Nov. 30th.

The Tampa Fair this year will be on a much larger scale than heretofore and large crowds will go from all points in this and other States. It will be an excellent opportunity to meet old friends and renew pleasant acquaintances.

WILLS COMEDY COMPANY.

Played to a Good House Last Night, and Gave Perfect Satisfaction.

The John B. Wills Comedy Company played to a good house last night, presenting the two comedy sketches, "Mary and John," and "The Christening," with specialties interspersed.

This company is one of the best that has been introduced here in some time, and has made themselves quite popular with the theatre-going public. Their work is fine, the voices are good, and altogether the show is one of the best of the kind that has visited the city within the past few years.

The company will appear in a matinee today, beginning at 2:30 this afternoon, and will conclude their engagement this evening.

A Busy Thoroughfare.

West Liberty street has developed into quite a busy thoroughfare since the establishing of the University of Florida at the head, together with other improvements.

Mr. J. R. W. Grissom, one of the oldest citizens of Gainesville, who has resided for forty years on West Liberty street, stated Wednesday that he had noticed the great traffic since the improvements have been made along this thoroughfare, and that the stream of passing humanity was something surprising.

GAINESVILLE TO HAVE TROLLEY LINE

Application for Charter Has Been Made to City Council.

WILL BE A VERY FINE THING

Line Will be First Run to University, but Afterwards Extended to Seaboard Air Line Depot and Other Points of Interest in the City.

Gainesville is growing in every direction, which is a source of gratification to those who have her interests at heart.

The latest proposed improvement is an electric trolley line, which will be operated over the principal streets of the city. The first route proposed is from the square along West Liberty street to the University buildings, which will prove of great advantage to the students, as well as to those who desire to visit the University.

Dr. Andrew Sledd, president of the University, is at the head of this proposed company, and the company has asked the city for a charter. The matter is now under advisement by a committee of the City Council, composed of Aldermen J. Harrison Hodges, A. M. Cushman and W. B. Taylor. This committee will report at the next regular meeting of the council, and it has been intimated that the report would be favorable, as the aldermen are progressive men, and believe in any project which will tend to the upbuilding of the city and its interests.

The proposed plan is to first inaugurate a line from the square to the University, and as soon thereafter as arrangements can be made to extend the system to the Seaboard Air Line depot, to East Gainesville, and to other sections of the city that in the judgment of the company would pay.

The company is merely waiting for the granting of the charter, when further action will be taken. It is safe to say that Gainesville will have a trolley system, as the committee appears to be inclined to grant the charter, and the promotors are anxious to build.

A SERIOUS RUNAWAY.

J. J Slappey Has Jaw Broken, and J. W. Carter Badly Bruised.

Micanopy, Nov. 15.—While out riding Wednesday afternoon J. W. Carter's horse got frightened at the train that came up behind him. Mr. Carter and J. J. Slappey, the parties in the buggy, thought best to get out, and in getting out they were caught in the wheels breaking Mr. Slappey's jaw badly. Mr. Carter is badly bruised. The horse ran up to Brinston and stopped at a tree where he had been hitched a few times before. Mr. Carter stated that it was his fault, and if he had stayed in the buggy everything would have been all right.

The Baptist ladies are going to have an entertainment at Fesster's hall Thursday and Friday night, 15th and 16th inst., for a good cause and everybody invited.

East Gainesville Progress.

East Gainesville seems to progress with other sections of the city, when it comes to building. Several new and modern cottages have gone up in that section within the past two years, and building continues.

The latest acquisition to building in East Gainesville are two cottages which are being erected by J. A. Robertson on Alachua avenue, between Roper avenue and Palmetto street. These cottages, the foundations of which have just been laid, will be five rooms each, and will be modern in every way. Being situated in a fine neighborhood, it goes without saying that they will rent readily.

Will Go to Tampa.

At the last regular meeting of Alachua Camp No. 5, Woodmen of the World, the question of sending a delegation from this camp to Tampa upon the occasion of Woodmen's Day, November 21, was brought up and discussed and it was the unanimous will of the camp that a delegation be sent. Consul Commander J[illegible] Brooks, who is one of the most enthusiastic and most widely posted Woodmen in the State, and Joseph Manning were appointed as delegates, and it goes without saying that they will be a credit to the camp. They expect to leave in ample time to be in readiness for Woodmen's Day.

COLE BROS.' CIRCUS.

Announcement of Its Coming Cause of Pleasant Anticipation.

That time-honored yet magical phrase, "are you going to the show?" is the query most frequently heard these days upon every hand, both in Gainesville and for miles out into the surrounding country. The world-famed Cole Brothers' United Shows are responsible for the question, arrangements having been completed for them to exhibit Thursday afternoon and evening, Nov. 22, in Gainesville. The small boy and girl are correspondingly happy and it goes without saying that their elders have the day marked on the calendar, too. Fresh from their triumphs abroad, the Cole Brothers have greatly augmented their shows in every department. This season their spread of canvas covers an area of about nine acres and when erected the big tent alone affords comfortable accommodations for 12,000 persons. Overcapping the three big rings, three elevated stages and vast hippodrome track is a veritable maze of trapeze riggings, bars, rings, ropes and apparatus upon which dauntless queens and kings of the air twice daily defy death in entertaining thousands of patrons. Over 300 men, women, children and educated animals are employed in the presentation of the astounding program. From the first to the last number, act follows act in rapid succession, and with such precision and skill as can only be found in Cole Brothers' United Shows.

Throughout the performance as many as fifteen separate features are simultaneously presented on the ground or in the air and one is kept right busy in watching the myriad of wonders. An important department, free to all who attend the big show, is the triple menagerie which is unquestionably the largest and most complete traveling zoo known. The mammoth tent in which this is exhibited is filled with rare and costly specimens of animal life from all quarters of the globe, captured and shipped direct to these shows by Messrs. Cole's own special agent. A visit to the display will prove of far more interest and educational value than a tour of the best known zoological garden in this country or Europe.

USED FISTS TO DEFEND GIRL.

Railroad Men in Battle at a Macon Hotel

Macon, Ga., Nov. 16.—Unusual excitement attended the uttering of a remark at the table at the Hotel Stewart at the supper hour and E. F. Perkins is confined to his room as the result of a fight which followed the insinuation made to the pretty 15-year-old daughter of the proprietress.

While Perkins and the young lady were at supper with a number of other men the conversation was converted into an embarrassing strain with Perkins in the initiative. Henry E. Crandall defended the young lady and remonstrated with Perkins, a fight following, which terminated in the making of several cases by the police.

In police court Crandall was exonerated after the incidents connected with the case were recited. Both Crandall and Perkins are railway employes. Perkins was severely hurt in the fisticuff encounter. His case was continued. His assailant began fighting the moment he thought it necessary to defend the young lady and he did not release his victim until the police were summoned.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

Receives Big Order.

Pittsburg, Pa., Nov. 16.—The announcement has been made that the National Tube Company, a subsidiary company of the United States Steel corporation, had received an order for 430 miles of eight-inch pipe for a pipe line to connect the Indian Territory oil field with the refineries at Port Arthur, Tex. The outlay for the pipe line, it is said, will amount to about six millions of dollars.

Lipton Will Try For Cup.

New York, Nov. 16.—Sir Thomas Lipton in a speech delivered during a regimental review in Brooklyn said he would come again in search of the America's cup. Lipton is to sail for Europe Saturday and some definite announcement regarding his negotiations with the New York Club for another race is looked for by yachtsmen that day or soon thereafter.

$4,000 Fire at Commerce.

Commerce, Ga., Nov. 16.—The mercantile business of Chandler & Johnson, of Center, was consumed by fire. The building and contents, valued at about $4,000 was consumed, partially covered by insurance. The fire was thought to be the work of an incendiary.

PLATT AND WIFE TO SEPARATE

Have Signed Papers Agreeing to Separation.

New York, Nov. 16.—The announcement Thursday that Senator T. C. Platt and his wife had agreed to separate and had signed papers to that effect, was no surprise to the public, which was prepared for such a denouement by numerous publications recently that differences existed between the pair.

In signing the separation papers, Senator and Mrs. Platt did not meet. Mrs. Platt went to the offices of her lawyers and Mr. Platt went to the office of former Justice Hatch, so it was said.

The negotiations were conducted between the two offices. Mrs. Platt it was said, first signed the papers and the agreement was taken to Hatch's office and signed by the Senator.

That there has been a settlement made by the Senator was the opinion among his friends Wednesday night but what it was seemed not to be known. It was assumed that it included the property at Highland Mills, where Mrs. Platt is making her home.

Wellman's Arctic Expedition.

Paris, Nov. 16—Now that Commander Peary has returned from the Arctic regions without having reached the north pole, the only expedition known to be preparing to seek the pole next year is that of Walter Wellman, who is now here. There are other arctic expeditions in the field, but none of them has the pole as an objective. Mr. Wellman is hard at work with his preparations for his next year's expedition. Work has begun on the erection of a large hanger, or work shop in which the polar airship the "America," of the Wellman-Chicago Record-Herald expedition, is to be reconstructed during the coming winter.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

EX-GOV. OF OREGON USES PE-RU-NA IN HIS FAMILY

For Colds and Excellent Finds It An Remedy.

Capitol Building, Salem, Ore.

A Letter From the Ex-Governor of Oregon.

The Ex-Governor of Oregon is an ardent admirer of Peruna. He keeps it continually in the house.

A letter received from him reads, as follows:

STATE OF OREGON,
EXECUTIVE DEPARTMENT.

The Peruna Medicine Co.,
Columbus, Ohio.

Dear Sirs—I have had occasion to use your Peruna medicine in my family for colds, and it proved to be an excellent remedy. I have not had occasion to use it for other ailments.

Yours very truly, W. M. Lord.

It will be noticed that the Governor says he has not had occasion to use Peruna for other ailments.

The reason for this is that most other ailments begin with a cold.

Using Peruna promptly to relieve colds, he protects his family against other ailments.

This is what every other family in the United States should do. Keep Peruna in the house.

Used Pe-ru-na in the Family Eight Years.

Mrs. Josephine Gillen, 345 Morris St., Portland, Ore., member Patrons of Husbandry, writes:

"Peruna has proven itself of such untold value to us that we are glad to give it due praise. We have had it in the home for more than eight years.

"It restores health in a few short weeks, takes away headaches and backaches, increases the appetite and restores lost nerve force. It is a specific for colds and catarrh."

Every family should be provided with a copy of Dr. Hartman's free book on "Chronic Catarrh." Address Dr. S. B. Hartman, Columbus, Ohio.

To Capture Negro Desperado.

Nashville, Nov. 16.—A Cloyd's Landing, Ky., dispatch says that Sheriff Bryan, of Monroe county, at the head of a large posse has gone to Pea Ridge for the purpose of capturing Jesse Coe, the negro, who, with George Williams, another negro, murdered two policemen and wounded another at Indianapolis on Sept. 30, last, and for which Williams has already been sentenced to death. The reward for Coe's arrest has recently been increased from $700 to $1,500. Coe is surrounded by negro fgriends, armed with Winchesters who swear he shall not be taken alive.

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Joseph Wheeler, Jr., Ill.

New York, Nov. 16.—Joseph Wheeler, Jr., whose season in "Just Out of College," recently came to an abrupt close, is to be operated upon in Roosevelt hospital. He is suffering from tuberculosis of the glands. He underwent an operation for the same trouble about a year ago. Mr. Wheeler's illness explains the closing of his season at a time when his health appeared to be better than last year. Members of the company are now telling how he said good-by to them after the last performance, and added that he might never again be seen on the stage.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me.' Sold by W. M. Johnson.

Music Versus "Programme" Music.

Were triviality the only sin of programme music, we might leave it, without further ado, to the gradual oblivion which overtakes the jejune in art, but unfortunately programme music not merely bores the music lover; it does him a positive injury, which criticism ought, so far as it can, to mitigate. By its false emphasis it distracts attention from what music can do supremely to what it can only botch and bungle, brings true masterpieces into discredit with hearers not sensitive or disciplined enough to appreciate them and plunges the simple into a hopeless aesthetic quagmire. Pitiable is the frequency of such questions, on the lips of aspiring students, as, "Ought I, when I listen to music, to have in mind a series of pictures or a story?" To judge by the minuteness of its detail, the art which, beyond all others, is great by virtue of indefinite suggestion and inspires by appealing to faculties far below the level of intellectual consciousness is to be sadly duped.—Daniel Gregory Mason in Atlantic.

To Make Court Plaster.

Put some isinglass to soak in warm water for twenty-four hours, then evaporate nearly all of the water by gentle heat. Add a little spirits of wine to the remainder and when it has dissolved strain it through a piece of coarse linen. The strained mass should be a stiff jelly when cool. Fasten the edges of a piece of clean silk to a wooden frame by means of tacks or thread, running the thread through the silk with a needle, over the frame and through the silk again, and so on until securely fastened. Melt the jelly and apply it to the silk with a clean hairbrush, spreading it thinly and evenly over the entire surface. Allow this coat to dry thoroughly, then give it a second coating in the same manner. When the whole thing has become quite dry apply three coats of balsam of Peru. This court plaster will be found very pliable and will not break.

Be Charitable

To your horses as well as to yourself. You need not suffer from pains of any sort—your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your Liniment for ten years and find it to be the best I have ever used for man or beast." Sold by W. M. Johnson.

A Big Mosquito.

Mosquitoes grow to great size in Burma. A young Scotchwoman who was making her first visit to that country had heard travelers' tales of the insect pest and was prepared for the worst. When she saw an elephant for the first time she said, "Will you be what's called a muskeetae?"

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE CONFEDERATE REUNION.

The sixteenth annual reunion of the Florida Division, United Confederate Veterans, is at an end, and the various delegates and visitors have returned to their respective homes, well pleased with what transpired at this reunion.

This reunion was conceded to be one of the most successful in the history of the organization in Florida. While it might not have been as largely attended as some, it was an occasion filled to overflowing with satisfaction and good cheer, as it enabled the gray-clad comrades of the '60s to again mingle together, and relate the experiences of a common and hard-fought cause which they deemed was right and just. To their hearts' content the Veterans, rank and file, were permitted to relate to each other the trying circumstances under which they defended their country. Some of those experiences were hard and brought back to recollection the privations which the men were compelled to endure; but those were interspersed with the humorous side of the situation, and frequently, in relating the experiences, tears would turn to laughter.

The Veterans appreciated deeply the interest manifested by the good ladies of the Daughters of the Confederacy of the local camps, and also the presence of distinguished members of the U. D. C., State division. The presence of Mrs. Patton Anderson of Palatka and Mrs. M. C. Drysdale of Jacksonville, honorary presidents of the State division of the U. D. C., was an inspiration. Mrs. Anderson is the widow of the famous Kentucky General, whose record as a Confederate soldier was one to be always reverenced and appreciated by the Confederacy.

In all, the reunion at Gainesville was a grand success, and will be remembered by the Veterans as one of the most successful and enjoyable in the history of the Division. The Veterans returned to their respective homes full of gratitude and appreciation for the manner in which they had been entertained at the hands of the Stonewall Camp, the U. D. C. and the people of Gainesville generally.

God bless the Confederate soldier, and may he live to attend many more reunions, is the wish of The Sun. The Confederate soldier today is the noblest hero the world has ever produced and the world recognizes him as such.

A little over a half century ago the world was astonished by the announcement that Professor Morse had succeeded in sitting down in Washington and talking by means of a wire with people in Baltimore. Since then we had wires stretched over the world that have brought the whole human family within talking distance of each other. But that was only the beginning. Now electric service has attained to such perfection that the wire can be dispensed with, but latest of all now comes the invention of the "telescope" by which the person seated at the instrument can actually see the person he is conversing with at the other end of the wire.

If one can believe all they read in the sensational daily papers, it is quite sure that nearly all the world's people are scrapping or getting ready to fight.

TOBACCO TRUST PLUNDERING.

The Virginia and North Carolina tobacco growers are trying to organize to escape the clutches of the tobacco octopus, known as the American Tobacco Co. These farmers claim that the trust, through its various branches, fixes the price of tobacco, and there is practically but one buyer. Before the trust was formed there was competition, and when the product was auctioned off there was some show for the farmer to get a fair price. The tobacco growers intend to adopt a method whereby they can hold their tobacco until a satisfactory price is obtained, and pledges were read at a meeting in Danville from more than 1,000 growers agreeing to place the whole or part of their crop of 1906 in the hands of a committee for disposal.

Although there has been on file in the Department of Justice for more than six years ample evidence to convict the tobacco trust magnates of conspiracy in restraint of trade, yet the Roosevelt Administration has refused to prosecute the case, and so encouraged the trust managers to even greater exactions. The plan of this trust in criminally depressing the price of what it buys and forcing its competitors to the wall, is closely after the manner of the Beef Trust, another plunderer of the farmers and consumers. With hundreds of special attorneys employed the Administration has not succeeded in convicting and imprisoning a single trust manager. A few paltry fines have been imposed, but such mild punishment has had no effect on righting the wrongs of producers, or consumers, for no trust has decreased the price of what it sells.

Those Democrats who have become Rooseveltized must feel foolish for following him as a model trust buster, for what have they gained by it?

A WORTHY APPEAL.

To the Citizens of Florida:

At this Thanksgiving Festival, when families are expressing their gratitude to God for the blessings of the year, for kind parents, loving children and comfortable homes, is it not a good time to show appreciation of all these many blessings in a practical way?

There are little children throughout our State who are parentless, homeless, or worse than homeless. The Children's Home Society of Florida guarantees to find a place as a son or a daughter in a good family home for every such child in our State. And for this work of transplanting children from distressful conditions to that of purity, love and plenty, we appeal to the citizens of Florida to co-operate with us, to help us to lessen the sufferings of innocent children by providing real homes for them, homes with loving foster parents.

The Children's Home Society of Florida has already rescued one hundred and five children within the borders of Florida. Many of these children are now permanently located in homes of happiness and plenty. They sit at bountiful tables; they sleep in comfortable homes; they are respectfully clothed; they live in good families, and are regarded as members of the family; they are caressed and loved; and, after awhile, they will become good men and women, filling places of usefulness in society.

Is not all this something to be thankful for? Shall not our praise and Thanksgiving be the highest on this account, delivering little children from cheerless homes, from want, from evil surroundings?

If we kept these one hundred and five children together we would require extensive buildings and many care-takers. In marching line they would make a big showing, that would impress people with the greatness of our work. But the fact is that they are not visible in one place; they are scattered over the State in private families, which means that we are doing the best thing for the taxpayer, the best thing for society, the best thing for the child. Home life is the only source of individuality and strong characters.

We therefore most earnestly ask the people of Florida to make a Thanksgiving offering to this society, which has for its object the finding a good family home for every homeless and dependent child in the State.

Contributions may be sent to the office of the society, Room 5, Astor Building, Jacksonville, Fla.

MRS C. H. SEATON,
State Supt.

It is much easier to lead people than to drive them. We often hear it said that a person was "driven to destruction." As a rule this person was led to destruction. There are so many snares and pit-falls in the highway of life, and so many are lured to destruction by those who enjoy seeing others brought to their own level. The guide boards set up by our churches, showing to the young "the straight and narrow way," is the only safe path.

There are times in the work of a newspaper man when he must be controlled by his sympathies for the innocent ones in the publication of news. This paper bows to the inevitable in such cases and is willing to accept the criticism of some if good is accomplished and aching hearts are saved further pain.

Detroit is now the center of automobile manufacture. The output for 1906 is estimated at $10,000,000 and that for 1907 at $15,000,000.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE CHINESE DOCTOR

HIS REMEDIES ARE OFTEN WORSE THAN THE DISEASE.

Powdered Spiders, Roast Snakeskin and Stewed Goose Quills Are Common Prescriptions—Superstition a Large Factor In Medicine.

A friend of mine related to me the following dialogue which she recently overheard between a Chinese doctor and an old woman:

Old Woman—My daughter-in-law has had a lump coming in her throat for four months, and it has now grown so that she can swallow only with great difficulty. We are distressed. By and by she will not be able to swallow. Then she must die. Do tell me if my daughter-in-law can be cured.

Doctor—Yes; she can be cured very easily, and the medicine you have to use is not costly, but rather difficult to obtain.

Old Woman—Oh, do please tell me what it is. However difficult, I will do my best to get it. Do, please, doctor, tell me what it is.

Doctor—First, get the slobbers of a cow. This can be done by washing the mouth of a cow. Then you take these slobbers and boil them down, after which you must stir in a little rice flour with a feather from the tail of a duck. Then take the paste and roll it into pills. When all these pills are taken the lump in your daughter-in-law's throat will immediately disappear.

Old Woman—Oh, doctor, I thank you. How can I thank you enough for giving me of your wisdom?

Doctor—I assure you, madam, it is nothing at all. Please, I beg you, do not thank me.

Old Woman—Oh, doctor, I shall never forget you for your kindness to me. I do not deserve it. I do not deserve it.

Is it any wonder that sickness prevails among all classes of the Chinese, and that the living of their race is only a "survival of the fittest," or, rather, the unfit?

The remedies given by Chinese doctors are seldom other than ridiculous and are often worse than the complaint. Many of the most common prescriptions consist of powdered spiders, roasted snakeskins, fossils, rhinoceros horn shavings, asbestus, moths, stewed goose quills, etc. It is declared that the more disgusting the medicine the more efficacious it is, which assertion, if it is true, would mean that China is full of Methuselahs.

Much superstition exists in regard to nearly every complaint. Foreign physicians in China are often approached by natives who, upon being asked what the matter is, reply in a low voice, "I've got that." When pressed as to what they mean by "that" they seem unable to answer otherwise than "I've got that." In such cases it is usually discovered that the patient has malaria, and the unwillingness to name the disease is due to a belief that malaria is caused by an inward devil and the chills are due to his Satanic majesty's natural gymnastic proclivities.

During the night in the cities mothers are frequently met who, while wandering slowly up and down the streets, cry out mournfully: "Come back! Come back!" In the rear, at a little distance, follows a child, who answers: "I'm coming! I'm coming!" These wanderings and cries are sometimes continued for hours and are explained by the fact that at the mother's home there lies a sick child in an unconscious or comatose condition, and the mother, in the belief that its spirit has fled, is searching the streets for it. The child following represents the departed spirit, whose return is supposed to be hastened by the cry, "I'm coming!" In the absence of a child to follow, the mother often waves a child's jacket in her hand while in a monotonous voice she croons beseechingly to the spirit to return.

Smallpox is a disease from which few, if any, escape in China, and so prevalent is it that it has its own special devil. This devil can be appeased only by the patient always referring to his eruptions as "heavenly flowers" and by wearing a red cloth tied around his head. In some provinces, however, considerable progress has been made in the amelioration of this disease by inoculation. This is done in childhood by snuffing up the nose the powdered scabs from a diseased person's inflammation. Whether this was discovered by accident, by some line of medical science, by following the theory that the "hair of a dog is good for the bite" or by adhering to the general belief that the worse the remedy the quicker the recovery is difficult to determine.

The manner in which the Chinese treat their physicians is, to say the least, most inconsiderate. Should a speedy cure not result from the doctor's treatment the patient calls in another and, if he better, yet another, and so on in rapid succession until, all hopes all failing, he, if circumstances be his so far survived, goes to consult his gods, after which treatment he is usually carried to the cemetery. The method of consulting his gods is rather a peculiar one. It entails a journey to the temple, which is entered in the most solemn manner possible. Every three steps the seeker after health or his proxy prostrates himself and kowtows three times. He continues this until he comes into the presence of the health idol, whereupon a basket containing many bamboo sticks, upon each of which is a number, is given him. This he takes and, moving it violently in all directions, pronounces divers prayers and incantations until one of the sticks falls from the basket. This is then taken to a certain priest stationed inside the temple, who, according to the number, writes the proper prescription, which the patient gets filled at an apothecary's shop.

The fitness of a Chinese physician for his profession is determined according to no special method. He neither has to study nor pass any examinations—in fact, no particular quality is necessary. Frequently a man who has failed in business sets up as a physician, to do which he needs only to "hang up his shingle," as it were, and, in truth, this is about all the stock in trade he possesses, with the exception of the needle he may at times employ in acupuncture. Sometimes he gets an old book of prescriptions from some retiring practitioner and at once considers himself as perfectly and empirically qualified to kill. It has been said that the doctor most entitled to confidence in the sight of his countrymen is the man whose father has been one before him, and the confidence increases should his grandfather have followed the same profession. This, it might be supposed, is due to an ignorant belief in the influence of heredity; but, according to the Chinese, the value in their eyes consists in the son or grandson possessing all the prescription books of his sires.

This important, self esteemed personage enters the sickroom in the most ostentatious manner and talks of parched grasshoppers, boiled tiger's blood and snail and worm infusions with as much gravity as a priest expounding the Scriptures. As he peers out of the semidarkness of a Chinese bedroom through his great, uncouth bone or copper rimmed goggles he looks as terror inspiring as the most hideous chauffeur, and, unfortunately, leaves death as often in his wake. His diagnosis of a case is rather singular. This is done by feeling the different pulses of the human system, of which, according to him, there are many. The pulse at each wrist is divided into three and these three again into two each, according as the pressure is light or heavy, thus making twelve. As each of these indicates a different organ of the body, the states of a dozen real or imaginary organs are determined.

Acupuncture has been in use among the Chinese from time immemorial. Many directions are given as to its application. The operator has a manikin full of holes, and by close study of this he learns where to drive his needle, the latter being inserted in the parts of the body which may be pierced without fatal results. Sometimes heat is applied to the outer end of the needle, but never before insertion. The needle has been described as follows: "It is very much like a sewing machine needle, but longer and coarser. Some of the Chinese doctors have needles two feet long and are supposed by ardent admirers to be able to drive these instruments entirely through the patient's body, but the great size of the needles is in reality intended to represent the greatness of the owner's skill and reputation. The needles used are of nine forms—the arrow headed, blunt, puncturing, spear pointed, ensiform, round, capillary, long and great. The point of insertion, the depth and the direction are all important, and the method is usually to drive them through the distended skin by a blow from a light mallet. They are frequently made red-hot and occasionally left in the flesh for days together."

A friend tells me that not long since, hearing fearful cries issuing from a Chinese home, she entered and found a mother stabbing her son two or three inches in the back with a needle. Upon inquiry she learned that this was being done to cure a severe toothache. Certainly this was a remedy worse than the complaint and a stretching of the counter irritant theory to its breaking point.—Cor. New York Tribune.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c

Eminent Doctors Praise its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Can You Pronounce Them?

He had just returned from England, where he had hobnobbed, he claimed, with the nobility.

"I have here," he said, taking a note-book from his pocket, "a list of English names that are not pronounced as they are spelled. This list will surprise you. You will see from it that all your life you have pronounced wrong such names as Leveson-Gower, Glamis, Carew, St. Leger, Hawarden, Pontefract, and so on."

He then read off the following odd list, giving, first, the words themselves, and, second, their right pronunciation:

Bertie.	Bartie.
Pontefract.	Pomfret.
Innis-Ker.	Ins-Kar.
Verney.	Varney.
Berkeley.	Barkly.
Pole-Carew.	Pole-Carey.
Jervis.	Jarviss
St. Leger.	Sillieger.
Pepys.	Peeps.
Dalzell.	Deal.
Glamis.	Glawms.
Hawarden.	Horden.
Mainwaring.	Mannering.
Beauchamp.	Beecham.
Beaulieu.	Beely.
St. John.	Sinjohn.

"I always knew," he concluded, "that Cholmondeley was Chumley and Derby Darby, but who would ever have imagined that Carew was Carey, Glamis Glawms or Pontefract Pomfret?"

Eleven Memorable Days.

The eleven days from Sept. 3 to 13, inclusive, are memorable for having once been entirely omitted from the calendar of the Anglo-Saxon world. The Gregorian calendar was not adopted by the British empire until 1751, long after most other nations of the civilized world had conformed to it. In that year an act of parliament prescribed that the next year, 1752, should begin on Jan. 1, instead of on March 25, as had previously been the rule, and that in the following September these eleven days should be dropped from the calendar, the day following Sept. 2 being known as Sept. 14. Stirring times those were, too, in which days were not lightly to be spared from a year, with Clive conquering India and Washington beginning the conquest of the Ohio valley. But the precession of the equinoxes took no note of trifles like these, which could be accomplished as well under one calendarial style as another. It may be observed that, while Gregory dropped only ten days from 1582, eleven days had to go from 1752, and Russia would have to drop thirteen now to square her dates with the rest of the world.—New York Tribune.

Had a Close Call.

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Samsel of Milstun, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at all druggists'.

Shopping in Brazil.

Shopping in Brazil is difficult. The merchants block their own doorways in an overweening desire to see what other people are doing. If you insist on buying something, the shopkeeper takes no apparent interest either in your business or his own. In reply to your inquiry for an article he is quite likely to say he hasn't got it, although it may be plainly in sight. And should you point it out he will smile and elevate his eyebrows, as if to say, "What persistent bores you foreigners are!" Or, perhaps, if you ask for a particular thing, he will direct you to the case or drawer where it ought to be and leave you to search for it yourself, while he hurries back to the street, gazing and gossiping. No matter how much or how frequently you buy, there is never any discount, and if you object to an extortionate price the merchant smiles politely, shrugs his shoulders and turns his entire attention to the cigarette he has all the time been smoking, as if glad to get rid of you on any terms.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache and dizziness. 25c at all druggists'
